

Announcement
**International Symposium on Applications of Thermal
Analysis and Calorimetry (SATIC-2021)**

Organised by
University Department of Chemistry, Magadh University, Bodh Gaya
in association with
Indian Science Congress Association, Patna Chapter
(Dec 21-22, 2021)

This year, the Symposium on Applications of Thermal Analysis and Calorimetry (SATIC-2021) is being organised in hybrid mode (virtual/physical) in the University Department of Chemistry, Magadh University, Bodh Gaya-824234 (India) during December 21-22, 2021. The first such Symposium (SATIC-2010) was held in India at Panjab University, Chandigarh in December 2010. A special Volume was also brought out (Vol 107, No 1, January 2012) by Journal of Thermal Analysis and Calorimetry to commemorate the event. Similarly, a special issue was brought out commemorating SATIC 2011.

Over two dozen eminent senior scientists from India, USA, Canada, France, Italy, Romania, Brazil, Slovakia, Hungary, Germany, Japan, S.Africa etc. have confirmed their respective participations. Nearly 300 researchers from all over India and abroad are expected to participate. It being a hybrid meeting, research work can be presented either way-offline or online. Abstracts are being submitted (Deadline Dec 10, 2021) using the template which can be downloaded from the Conference website: <https://satic2021.github.io> Registered participants shall get participation certificates and those presenting papers shall be given presentation certificate. Sessions will also be held on interfaces of Inorganic Chemistry, Organic Chemistry, Physical Chemistry, Materials Science, Pharmaceutical Sciences and Food Sciences. The oldest and leading journal on Thermal Analysis, the Journal of Thermal Analysis and Calorimetry (Springer) Impact Factor (2020 Thomson Reuters) = 4.626 is to publish a Spl issue devoted to SATIC 2021.
